**SUBJECT: Proposed Message to CINCPACFLT**

**ILLEGIB**

1. In response your ref, wish to inform you as follows:

a. Addition of personnel to URPIC-Y and recommendations for improved processing at Y will, we anticipate, provide prompter and more thorough reporting.

b. We are examining all possible means of reducing delays in transmission of ODE Reports to CINCPACFLT and all other recipients in field.

c. FYI, complete analysis 6017 not yet completed this Hqs despite greatest concentration of advanced exploitation equipment and largest group of most highly trained experts available. In our view, no field component including the most we could do at Y within foreseeable future could create comparable capability for exploitation and analysis. Accordingly, though we are making every effort increase professional capabilities URPIC-Y, we will have to continue to expect to uncover additional critical information upon receipt original negative this Hqs some three days after completion ODE Report at Y.
